## ATTEND STUDENT INTERVIEW

New students and at least one parent are required to meet with a school administrator before a final admission decision is made. For this process to continue, the following steps must be taken:

1. Submit Steps 1 to 3 in Section 2 above (Student Admissions Application Forms A to C)
2. Schedule a meeting with a school administrator by phoning the school office at 2859-2001, or via email.
3. Students may be required to sit English Second Language (ESL) or other tests at this time.
4. Please provide a translator if required. IST provides Korean and Chinese translation upon request.

### Note:

i: All documents in Steps 4-8 in Section 2 above must be provided by the time of the student interview.

ii: The requirement for a student interview prior to the confirmation of a place may be waived by an administrator for students currently living outside Tianjin provided Steps 4 to 8 are complete and student records/transcripts are of an acceptable standard.

## ADMISSION DECISION MADE

Parents will be telephoned or emailed and informed whether a place is currently available for their child within 2-3 school days of the interview if confirmation was not given during the interview.

If parents verbally accept the offer of a place or accept via email, the Admissions Office will forward to them a letter of welcome stating the official starting date for the student along with two forms for the parents to complete: a form confirming acceptance of a place at IST and a Payment and Company Information form. Parents are required to complete the attached forms and return them to IST within five working days to ensure that the student's place is confirmed and guaranteed.

*Note: All relevant school fees must be paid within four weeks of the start of school.*

## ENROLLMENT EVALUATION

Parents will be contacted by the Admission Office within the first month of attendance to ensure that the transition into our school has been positive and to gain further parental feedback on the student at this early stage of their enrolment and on the enrolment.

## Application Form C: Parental Agreement

I understand that this signed application constitutes a contract with the school once my child has commenced attendance at the school. I understand that my child's continued attendance is subject to the following conditions being met:

I agree that in enrolling my child at the International School of Tianjin (IST), I fully accept and endorse the school philosophy. I agree to conform to the policies, rules and procedures of the school as established by the Board of Governors and the Administration.

I recognize that full and accurate information about my child is important for the Admissions staff to properly assess IST's ability to provide an appropriate educational program. I understand that the withholding of records, especially those indicating that she or he has special needs or educational disabilities, may delay the admissions process, and could result in either the denial of admission, or in the case of my child being already enrolled, the reversal of that decision.

I recognize that the initial placement decision with regard to class, grade level, and teacher is the decision of the school, but that the school will consult with me when making this decision. I further recognize and understand that the school reserves the right to request an exit interview at the time of my child's withdrawal from the school. Such interviews can provide very helpful information to institutions seeking self-betterment. Failure to comply with such a request may result in the withholding of school records until such interview has occurred.

I accept that in accordance with IST policy, my child will reside with me or a legally appointed guardian and I will inform the school in writing of any time at which I or the guardian will be temporarily absent from home. At such times I will inform the school of the name and contact of the responsible adult (not household help) who will have temporary guardianship of my child.

I recognize that communication between the school and home is vitally important, particularly in times of emergency. I agree to communicate freely and openly with my child's teachers and the School Administration and will actively support the broader community life of the school, including reading school newsletters, participating in the IST Emergency Telephone Tree, and attending school events, Parent Faculty Organisation (P.F.O.) meetings, and teacher conferences.

I accept that the school acts with the best intent to ensure the well-being and safety of my child and that there may be times, especially in cases of emergency, when the school will be required to make decisions and take action related to my child's safety and well-being without my prior approval. I hereby grant permission for such actions to be taken.

I understand that students who are unwell are best kept at home and I will not send my child to school if this is the case. I also accept the right of the school to send a sick child home and that it is my responsibility to arrange for appropriate and immediate transportation and care for my child once the school has contacted me.

I grant permission for my child's name, images and examples of excellent academic and creative work to appear in school publications, such as the yearbook, the school web and social media sites, and school promotional publications.

I have read and understood the IST Community Safeguarding Framework 'Overview' document posted on the school website ([https://www.istanjin.org/uploaded/Community/IST\\_Community\\_Safeguarding\\_Overview.pdf](https://www.istanjin.org/uploaded/Community/IST_Community_Safeguarding_Overview.pdf)), and commit to adhering to the school's expectation that adult visitors who come into contact with students maintain appropriate boundaries and conduct at all times. I also agree to comply with mandatory reporting regulations related to suspected child abuse and will cooperate fully in any investigation into the abuse of a child, or children, or other community member/s.

I understand the importance of the school's program of extracurricular activities and will encourage my child to participate. I also agree that fieldtrips are an important component of the school's curriculum and agree to allow my child to accompany his or her class on fieldtrips as required by the school. I give permission for my child to participate in short field trips within Tianjin, but I understand that I will be asked to sign additional permission slips for out of town and/or overnight field trips.

Finally, by signing below, I accept and agree to the school's admissions policy as laid out in the 'Student Admissions Application' documents. I also accept and agree to the financial terms laid out in the IST fee schedule and related policies published in the Parent-Student Handbook and on the school website, including the force majeure policy. My signature indicates that all application information is accurate and complete and that my child's attendance at school is subject to the timely payment of all applicable fees.

### Over the Counter Medicine

In the IST clinic we have a small selection of over-the-counter medicines (Panadol, Tylenol Cold, Fenbid, Motrin, Domperidon, Imodium, Smecta, Belladonna and Ventolin). All are internationally recognized medications. We are able to treat your child with these products, but only if we have parental permission.

Yes, the school nurse may treat our child with the abovementioned medicine, when she feels it is necessary.

Yes, the school nurse may treat our child with the abovementioned medicine, when she feels it is necessary, but she must please contact us first.

No, we do not wish the school nurse to treat our child with the clinic's medicine.

### Emergency Medical Treatment and Parental Authorization

The vast majority of medical incidents that occur during the school day are minor, and can be easily treated in the school clinic. However, in erring on the side of caution when dealing with relatively innocuous but potentially serious injuries, or when responding to an obvious emergency, it may be necessary to send a sick or injured student to an external medical service provider for examination and treatment. Responsibility for the decision to seek outside medical assistance must necessarily lie with the school nurse whose priority is always to protect the welfare of the individual student. Parents will, however, always be contacted as soon as possible following a medical event, or in response to a concern, to inform them of the situation and to confirm a choice of medical provider and transportation arrangements.

A student requiring emergency medical attention - including dental - will be accompanied by the school nurse, a teacher or teacher assistant, or school administrator, to one of the following medical service providers, as deemed most appropriate following discussion with the parents:

1. Raffles Medical Clinic (general medical)
2. Tianjin United Family Hospital (general medical and dental)
3. Shangu AICHI International Dental Center (dental)
4. Alternative medical service provider requested by the parents

**Note 1:** Parents are responsible for all medical costs. However, claims for reimbursement for 'accidents' may be made against the school's Student Accident and School Liability Insurance Policy with PICC.

**Note 2:** In the event of a medical emergency in which a parent cannot be contacted, the school shall determine the medical provider that it believes to be most appropriate to safeguard the welfare of the student. In most instances this will be the Tianjin United Family Hospital.

**Note 3:** In certain cases of emergency it may be necessary to transport a student to a public hospital. At such times the school will first solicit emergency treatment advice from either the TUFH or Raffles Medical Clinic to determine the most appropriate provider. In such circumstances, it may also be necessary for the school to administer medication deemed urgent by the emergency service provider guiding the school's treatment of the student.

### Permission to Go Home

There are times when a student becomes ill at school and needs to be sent home. At such times the parents will be contacted to inform them that their child is sick and needs to be collected from school and taken home.

Please indicate who may collect the student and sign them out of the school clinic should you be unable to collect them yourself.

Ayi                      Personal driver with IST issued driver ID

**Note 1:** No student will be sent home unless a parent is first contacted. Other: \_\_\_\_\_

**Note 2:** It is the parents' responsibility to collect students from the school clinic if they are unwell. Sick children are best kept at home where they are most comfortable and where disease is less likely to be spread.
